

# Page mode interface

### Overview

The Page mode allows front-end editing, that is modifying pages directly from their preview.

Page mode is one of the work modes available in eZ Platform Enterprise Edition

### In this topic

- Elements of Page mode interface
  - Navigation hub
  - Studio toolbar
  - Timeline

Example of a page viewed in Page mode

## Elements of Page mode interface

### Navigation hub

The Navigation hub is common for the whole eZ interface. It allows you to jump to other editing modes and to access administrator options.

The lower row of the Navigation hub lists available [siteaccesses](#) and allows you to switch between them.

Navigation hub in Page mode

## Studio toolbar

The Studio toolbar is located below the Navigation hub and contains basic controls for the Page mode.

The toolbar offers useful options and information to help you manage content within eZ Enterprise. It provides quick access to the main **View** and **Edit** modes and most frequent actions associated with editing work.

The Studio toolbar has slightly different options, depending on whether you are in View or Edit mode.

<b>1</b>	<b>Mode switcher.</b> You can switch between View and Edit mode.
<b>2</b>	<b>Information Panel.</b> Displays information about your current status: <ul style="list-style-type: none"> <li>• name of the active mode (Viewing or Editing)</li> <li>• the current URL of the website being previewed</li> <li>• author and date of the last modification</li> </ul>

3	<p><b>V1.3</b></p> <p><b>Version button.</b> Opens a window with a list of all the versions of the current Content item.</p>
4	<p><b>V1.3</b></p> <p><b>Options.</b> Opens a drop-down menu with the following options:</p> <ul style="list-style-type: none"> <li>• <b>Copy URL.</b> Copies the current URL. You can then paste it into a web browser.</li> <li>• <b>Send to Trash.</b> Removes the current Content item and places it in Trash.</li> </ul>
5	<p><b>Preview.</b> Use it to optimize the displayed content on devices with various screen sizes.</p>
6	<p>Depending on the mode you are in this will be:</p> <p><b>Create.</b> Use it to create a new Content item - either Landing Page or regular content.</p> <p>or</p> <p><b>Publish.</b> Use it to publish the Content item you are editing. Click the down arrow to access:</p> <p><b>V1.3</b></p> <ul style="list-style-type: none"> <li>• <b>Send for review.</b> Sends the page to another user to be reviewed. See <a href="#">Content review workflow</a> for more information.</li> <li>• <b>Save draft.</b> Save introduced changes as a Draft.</li> <li>• <b>Delete draft.</b> Delete the Draft you are editing. (This option is only available when you are editing an unpublished Draft.)</li> <li>• <b>Discard.</b> Cancel changes introduced and return to View mode.</li> </ul>

## Timeline

When viewing a Landing Page, the space below the Studio toolbar will contain a [Time line toolbar](#). It helps in visualizing the changes made to a Landing Page in a given period of time:

Timeline toolbar

## Page preview

The main part of the window is taken up by the Page preview.

## View mode

In View mode this part of the window displays the current page as it looks to the visitor.

## Edit mode

In Edit mode you can also preview the page. It is additionally visibly divided into zones, allowing you to clearly see the layout of the page and modify all of its elements.

Page preview

## Sidebar

The sidebar on the right is only present in Edit mode. It contains options for editing the current page and adding blocks to it.

The image shows a screenshot of the eZ Publish CMS interface. At the top, there is a navigation bar with icons for 'Content', 'Page', 'Performance', and 'Admin Panel', along with an 'Admins' link. Below this is an editing toolbar with 'Cancel' and 'Edit' buttons, and a status bar indicating the current page is 'http://ez.dev/demo\_site/' and was last edited on 'Thu Sep 17 2015 11:22:23 GMT-0200'. The main area displays a website preview for 'Tasteful Planet'. The website has a header with navigation links: 'PLACES & TASTES', 'BLOG', 'ABOUT', 'SUBSCRIBE', and a search bar. A featured article titled 'ETHIOPIAN CUISINE by TARA FITZGERALD' is shown. Below the article is a large image of a suspension bridge with the text 'Brooklyn, New York' overlaid. At the bottom of the preview, there are sections for 'PLACES' and 'Latest updates'. On the right side, a sidebar is open, showing a 'Basics' section and an 'Elements' section with various block options: 'Contentlist', 'Embed', 'Keyword', 'Places', 'Schedule', and 'Video'.
